Elmhurst Remodeler Celebrates 35 Years in Business
Meeder Design and Remodeling Announces New Logo, Website and Cabinet Line

Elmhurst, IL – March 15, 2011 – Proving that it is possible for a small business to survive in the current economy, Meeder Design and Remodeling of Elmhurst announces they are celebrating 35 years in business during 2011.

The home remodeling firm, located at 104 N. York Road, is commemorating this milestone with a new logo, website and the introduction of a new line of cabinetry, Décor Cabinet Company.

“Our old logo was outdated and no longer adequately represented our services,” says Patrick Dulleck, owner of Meeder Design and Remodeling. “We originally concentrated on exterior remodeling, but through the years we evolved into a more full-service design and build home remodeler.”

The new logo features a stylized cursive “M” in blue and is much lighter in look and feel than the previous gray and burgundy logo that featured heavy block letters. The contemporary look of the logo is carried through to the new website, www.meederhomeremodel.com which includes updated pictures from recent projects.

Dulleck attributes the firm’s longevity to conscientious customer service and a commitment to quality workmanship and products, no matter what the project entails.

“Whether we are working on a small job or an elaborate addition, it doesn’t make a difference,” says Dulleck. “We employ the same skilled craftsmen and project managers.

“We offer a large variety of materials at different price points to satisfy everyone’s budget,” Dulleck continues. “However, once again, the quality of the workmanship doesn’t change.”

Clients of Meeder Design & Remodeling agree.

“I had Meeder remodel a main floor bathroom in my over 80-year-old home in 2007,” says Mary Lou Kroll of Clarendon Hills. “I was so pleased with the results; I hired them again in 2010 to totally gut and redo my kitchen.

“Not only was I happy with the service and the outcome, Patrick and his tradesmen went above and beyond what was expected of them,” she continued. “I invited 100 guests for a December

gathering and unknowingly added an extra hurdle when I ordered handmade tile with a lengthy lead time.

“In the nick of time, the project was completed and the party was insane – no one wanted to leave my new kitchen!”

Testimonials such as Ms. Kroll’s are one reason why Meeder Design & Remodeling has enjoyed the Better Business Bureau’s A+ Rating for many years and earned several of their complaint free awards.

Although Meeder Design and Remodeling is making history by celebrating 35 years in business, there is a lot of “new” happening; reason enough to visit them at their Elmhurst showroom, 104 N. York Road, or check out the newly designed website, www.meederhomeremodel.com.
