

Springing Into a New Look? Trust Your Project to a Neighbor

Driven by the economy and the fact that they love their community, more and more homeowners are staying in their homes and choosing to add space or renew their current living area. It just so happens there's a neighbor close by who's been helping clients improve their homes for 35 years.

Meeder Design and Remodeling, located at 104 N. York Road, is a full-service remodeler, celebrating 35 years in business during 2011. They're commemorating this milestone with a new logo, website and the introduction of a new line of cabinetry, Décor Cabinet Company.

"Spring is a great time to really look at your home, inside and out, and evaluate how to improve its functionality and curb appeal," says Patrick Dulleck, owner of Meeder Design and Remodeling. "We basically did that with our company, resulting in our 'new look.'"

Dulleck attributes the firm's longevity to conscientious customer service, a low cost pledge and a commitment to quality workmanship and products; no matter what the project entails.

"Whether we are working on a small bathroom update or an elaborate two-story addition, it doesn't make a difference," says Dulleck. "We employ the same skilled craftsmen and project managers.

"We offer a large variety of materials at different price points to satisfy everyone's budget," Dulleck continues. "However, once again, the quality of the workmanship doesn't change."

Clients of Meeder Design & Remodeling agree.

"I had Meeder remodel a main floor bathroom in my over 80-year-old home in 2007," says Mary Lou Kroll of Clarendon Hills. "I was so pleased with the results; I hired them again in 2010 to totally gut and redo my kitchen.

"Not only was I happy with the service and the outcome, Patrick and his tradesmen went above and beyond what was expected of them," she continued. "I invited 100 guests for a December gathering and unknowingly added an extra hurdle when I ordered handmade tile with a lengthy lead time.

"In the nick of time, the project was completed and the party was insane – no one wanted to leave my new kitchen!"

Testimonials such as Ms. Kroll's are one reason why Meeder Design & Remodeling has enjoyed the Better Business Bureau's A+ Rating for many years, and earned several of their complaint free awards.

Although Meeder Design and Remodeling is making history by celebrating 35 years in business, there is a lot of "new" happening; reason enough to visit them at their Elmhurst showroom, 104 N. York Road, give them a call at 630-835-1700 or check out the newly designed website, www.meederhomeremodel.com. Isn't it time for your home to spring into a new look?
